UKG

UKG Dimensions Integration & UKG Payroll Services Administrator Training

Overview

UKG Dimensions integrates with other technologies and applications to extend and enhance your solution. This document provides pointers to training opportunities for some of them, some of which are not delivered or provided by UKG.

NOTE: There may be charges for the training. Refer to the delivering web site for more details.

Dell Boomi

Before participating in the UKG Boomi Integration Empowerment, your in-house integration specialists much complete Dell Boomi professional Level 3 Certification. To learn more, go to https://boomi.com/services/training/.

Completion of the following is required before UKG Dell Boomi Empowerment consulting. It is about 40 hours of effort in all.

- Developer 1- SaaS integration, development life cycle, document flow, document/process properties, and basic administration tools.

- Developer 2- Web services, advanced logic, document caching, and error handling.

- Developer 3- Event-based integration, best practices/techniques, and common integration scenarios.

Alfresco Activiti Engine

In order to more effectively support our customer and partner community, UKG is offering Activiti Empowerment. A combination of self-placed learning, remote instructor led courses and expert Activiti consultation, Activiti empowerment provides users with the right tool set to handle business requirements that are unique to their organization.

Customer prerequisites
- UKG offers required online training, about 4 hours, before the services are provided
- No Alfresco certification is required.

How
The customer-focused class is 2 days of virtual training, typically scheduled monthly. It does include multiple customers and is limited to 8 students. Your assigned project Integration Consultant will work with the Activiti Subject Matter Expert and you to determine the ideal time for your training.

UKG Payroll Services Administrator Training

Our UKG Payroll Services (UKGPS) Administrator Training is ideal for new Payroll Services clients or new Administrators with an existing Payroll Services client.

In this 1 hour training we will introduce you to the Payroll Services offering and guide you through key Payroll Services processes including, what to expect when processing payroll with UKGPS, Quarter End best practices, and client maintenance tasks. We will also review the UKG Payroll Services Resource Center & Community Group and explore the tools and resources available.

HOW TO ENROLL:
1.   Go to: UKG Payroll Services Resource Center (found on UKG Kronos Community).
2.   Select **New to Payroll Services**. This step provides you with available trainings, dates and times.
3.   Select the training you would like to attend and complete the registration process.

If you are unable to attend a live session, listen to the on demand session or view the session slide deck at any time.
